

Landscape Design Student Project Application for the Pacific Horticulture College

Each year, PHC students work with members of The Horticulture Centre of the Pacific and the public who are willing to offer their properties as landscape design student projects.

If your property is chosen, two to three PHC students will be assigned to your property to consult, design and present their individual designs to the property owners. Please note that the project does **not** include the actual installation of a design in your garden.

The Landscape Design instructor will review all applications and will contact the short-listed properties to set up an appointment to visit the property in late July or early August 2020.

Please read through the following points carefully to see if your property fits the criteria:

- **Location:** Your property is within the Greater Victoria Area (excluding Sooke and Metchosin).
- **Property Size:** Your property is an average sized property which needs a backyard or front yard (and/or possible side yard) design. The size and the complexity of the property need to be suitable for a student project.
- **Availability:** You are available for consultation during August 31 – early November. The design process requires communication between client and designer(s) and your presence is essential.
- **Donation:** Once your application is accepted and approved by the Landscape Design instructor, a \$400 donation to PHC is required. Your donation will be used to fund student tool purchases, bursaries, and other expenses related to the college program (a tax receipt is available).

Thank you for your time and consideration! If you are interested in applying for this project, please fill out the form below and email or drop it off at Pacific Horticulture College/the Gardens at HCP by **July 20, 2020**.

By signing below, you agree to the criteria outlined in this application:

Name: _____

Address: _____

Phone: _____

Email: _____

PHC Questions	Landscape Design Client Responses	
What is the travelling distance in time between the PHC (505 Quayle Rd) and your property?		
What are the main streets nearest to your address?		
Describe your site size.		
Describe your site complexity: unusual shapes, steepness, existing hardscape – buildings/patios/paving, existing plantings, wet soils, etc.		
Can you commit to providing a \$400 donation to PHC as part of this project?	Yes	No
Are you willing to allow the students access to your property to measure and do site analysis when you are not there?	Yes	No
Do you have a dog and/or other animals that may resent the above?	Yes	No
Are you available during the months of September to November for student consultation and feedback?	Yes	No
Are you willing to make a list of what you most want / need from your garden?	Yes	No
Are you willing to make a list of likes / dislikes regarding garden styles and garden plants?	Yes	No
If available, are you willing and able to have a plot plan or survey mailed or dropped off at the College if your property is chosen?	Yes	No

Additional comments or information:

We will contact owners of potential properties to set up an appointment. You will also be informed if your property is not selected for this year's project. Thank you so much!
