THE GARDENS AT HCP

The Horticulture Centre of the Pacific would love to host your wedding in the magic and tranquility of our nine acres of award-winning Gardens. We offer an accessible and safe environment for you to celebrate your love and commitment. Guests will arrive through Rose Allée and proceed beneath a fragrant eucalyptus tree to find their seats on the Gathering Place. As you say your vows, you may find yourselves accompanied by birdsong while the waters of our conservation park sparkle in the background.
