About the Gardens at HCP

The Gardens at Horticulture Centre of the Pacific (HCP), home to the Pacific Horticulture College, is a public garden lovingly cared for by volunteers, staff, and students. From our hands-on Children’s Garden to the largest outdoor Bonsai Garden in Canada, and the only outdoor bonsai Garden in Western Canada, you will find something to inspire at every visit. We started to grow in 1979 and are proud to be a “gardeners garden”, connecting people with plants. Being non-profit we are able to exist and be successful through the kindness of others, not just through financial donations but in hands-on volunteer work throughout our garden.
