## Victoria Floral Artists Guild: Flower Art in the Garden

Flower Art in the Garden (previously called Land Art) is a contemporary ecological Floral Art/Design medium where large outdoor floral structures form a harmonious relationship between nature and found materials. Freedom of expression plays a part in the displays, highlighting where Floral Art/Design has been taken from indoor settings to outdoor natural settings. The Victoria Floral Artists Guild has produced Flower Art in the Garden in partnership with The Gardens at HCP's setting for ten years. Visit their booth (#44) for more information and details on each installation.

## Become an HCP Member Today!

Members of The Gardens at HCP receive year-round admission to the gardens, discounts on gift shop and plant sales, and more. Become a member or renew an expired membership today and we will refund your \$10 admission! Visit our membership booth (#2) for more information.

AUGUST 10-11, 2019 | 10AM - 4PM | \$10 | HCP MEMBERS FREE
